4. The 2003 meeting will be held in Salt Lake City, Utah, October 8-11, 2003. NCGE would like to initiate a series of sessions, *Meet the Authors*, in which the authors of NCGE, GENIP and other appropriate publications could offer papers or workshops that focus on the publication and have the publication available for sale at the session. Any suggestions are welcome.
5. NCGE received a request from the Grosvenor Center for Geographic Education to co-sponsor a meeting in May 2004 to address issues of standards implementation. These issues are complimentary to the revision/update of the standards document. The request is under consideration by the Administrative Committee and the Executive Board of NCGE.
