Outreach Meeting Agenda

<http://www.japansociety.org/exhibit/current.cfm>

The Japan Society
333 East 47th Street
New York, NY 10017
Between First and Second Avenues, a short walk from Grand Central Terminal.

12:30 Hunter College to discuss new Center for Geography Education with Dr. Charles Heatwole (212/782-8199)
Lunch in Faculty Cafeteria (*specific directions to follow*)

Hunter straddles the intersection of Lexington Avenue and East 68th Street. It has its own subway stop on the No. 6 Lexington Avenue Local line. Geography is in the North Building, which occupies the city block bounded by 68th and 69th Streets north and south, and by Park and Lexington Avenues east and west.

Easiest directions to the Department: Enter North Building on the 69th Street side through the glass doorways (much closer to Park Avenue than to Lexington). This puts you in a large lobby with elevator banks to either side. Take elevator (either side) to the 10th Floor. Get out and turn left. The Dept. of Geography is straight ahead.

3:00 New York Times Learning Network to discuss further opportunities for geography
Rebecca DuMoulin (646/698-8129)
500 7th Avenue, between 37th and 38th Street

In preparation for this meeting, please spend some time perusing the web site at <http://www.nytimes.com/learning/> and come with 1) publications from your organization that represent the best of geography education; and 2) your concrete ideas on linkages between your organization and Learning Network.
